

# MAGEN DAVID YESHIVAH

SUMMER READING 2010

Using the Story Maps supplied for you (and available on the MDY Website), fill out one form for each work you read. Bring your completed Story Maps with you on the first day of school and have the information at hand in your ELA notebook for handy reference during class literature discussions. Be prepared for a test on the reading materials during the first week of school. Please note that all summer reading choices will be referred to throughout the year during fifth grade literature classes, so it is important for you to read your four books and to remember what you have read. Enjoy!

<b>GRADE 4 INTO 5</b>
